

Berry's takes your health and wellbeing seriously:

- **We have conducted a risk assessment of both our eat-in and takeaway options.**
- **All our staff –**
 - **wear a mask;**
 - **have been trained in our Covid-19 measures;**
 - **have their temperature checked on arrival each day;**
 - **wash their hands even more frequently than usual;**
 - **recognise their responsibility for your safety.**
- **We have a policy of maintaining social-distancing of 1 metre plus mitigating action between different households. Mitigating action includes sitting back-to-back or side-by-side (rather than face-to-face), optimising ventilation, some screening and minimising contact between customers in cramped spaces.**
- **We clean each table (including menus) and chair after use, and now provide salt, pepper and sugar only on request; salt and pepper grinders are cleaned between customers.**
- **We have instituted enhanced and regular cleaning of touch-points.**
- **All our crockery, glasses and cutlery are washed at a temperature over 60°C.**

If you want to wear a mask when walking to and from your table please feel free to do so - other customers might well feel reassured.

**After all that – we do hope you enjoy your time with us
(but we know it's not like it used to be!)**
